SHIPPING AGENCY & RECONDITIONING SPARE SUPPLIER

MARITIME SERVICES

Port agency • Vessel support • Technical services • Spare supply

DELIVERING EXCELLENCE ACROSS PORTS, EVERY TIME.

Nagapattinam • Karaikal • Cuddalore • Ennore • Chennai • Tuticorin

A dependable partner across the maritime service chain.

Taurus Global Marine presents itself as a shipping agency and reconditioning spare supplier, supporting vessel operations through agency coordination, crew services, ship chandling, private workshop assistance, cash-to-master support and marine technical/spare-parts capabilities.

The company combines operational coordination with practical technical support, giving owners, charterers and vessel operators a single point of contact for port-call requirements and vessel maintenance needs.

MISSION	To provide exceptional maritime services that ensure the safe, efficient, and timely movement of goods across the world, while maintaining the highest standards of integrity and professionalism.
VISION	To be a trusted global leader in shipping agency services, recognized for commitment to quality, customer satisfaction, and sustainable business practices.

A service culture built around professionalism and customer outcomes.

TEAMWORK Collaborative execution across vessel, port, supplier and client stakeholders.	CREATIVITY Practical thinking and adaptable solutions for operational requirements.
EXCELLENCE Commitment to quality and professional service delivery.	RESPECT Professional relationships built on mutual respect.
HONESTY Transparent and responsible communication.	CUSTOMER FOCUS A service mindset centered on client requirements and outcomes.

Client confidence

safety is a high priority, emergency maritime assistance is available, and marine consultancy can support international and local regulatory compliance.

“Let us navigate the complexities of the shipping world while you focus on what matters most to your business.”

From requirement to completion — one coordinated maritime support process.

01	REQUIREMENT Receive vessel, port-call, crew, technical or supply requirement.
02	COORDINATION Align owners/charterers, authorities, vendors, workshops and other stakeholders.
03	EXECUTION Carry out agency, husbandry, supply, technical or workshop requirements.
04	VISIBILITY Maintain communication, operational updates and attention to compliance and cost.
05	COMPLETION Close the requirement with delivery, documentation or operational handover.

Let's navigate your next port call together.

For vessel agency, crew, ship chandling, technical support, spare parts or other maritime requirements, contact the Taurus Global Marine team to discuss your specific need.
